Common CA Database

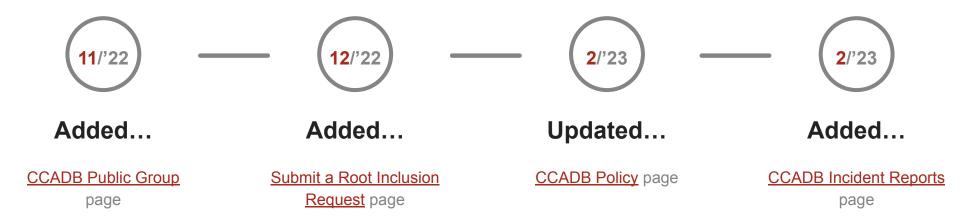

Update for CA/Browser Forum F2F 58 February 28, 2023

01	ccadb.org Updates	•	5 Minutes
02	System Feature Updates	•	5 Minutes
03	CCADB Groups	•	3 Minutes
04	Reminders/Coming Soon!	•	2 Minutes

1. ccadb.org Updates

2. System Feature Updates

2.1 Root Inclusion Request

2.1 Root Inclusion Request

Intent: Simplify

- → CA owner submits **one** Root Inclusion Request case
- → Can apply to **multiple** root stores
- → Can select **multiple** root CA certificates
- → CCADB Root Store Operators process the inclusion request to their store according to their program goals, requirements, and timelines

2.1 Root Inclusion Request

Intent: Simplify

Detailed Instructions: ccadb.org → For CAs → Root Inclusion Request

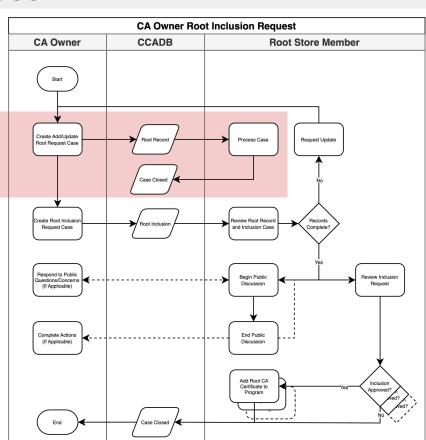

High Level Summary:

- First make sure that you have completed an 'Add/Update Root Request' for the root certificate(s) that this request is for.
- Click on one of the tabs corresponding to the root store(s) who this request is for.
- Within that tab, click on the 'Add/Select Root Certificates' button, then on the 'Select Root Certificates' button.
- Click on the boxes in the 'Root Store Applying To' column to select certificates.
- After selecting root certificates for this case, go to the applicable root store tabs to fill in the information.
- When you have provided all of the information, click on the 'Submit to Root Store' button.

2.1 Root Inclusion CCADB Process

Add root CA certificate to CCADB 'Add/Update Root Request'

2.1 Add/Update Root Request - Root Information Tab

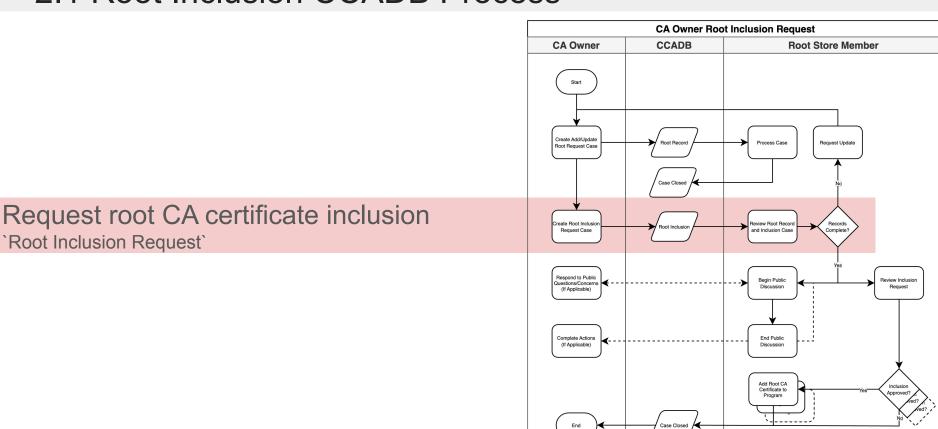

- > Root CA Background
- > PKI Hierarchy
- > CA CRL
- > Self-Assessment
- > Key Generation

For **existing** root CAs included in all programs

For **new** root CAs requesting inclusion in some programs

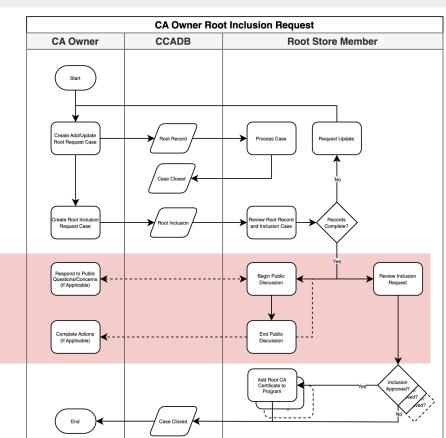

2.1 Root Inclusion CCADB Process

2.1 Root Inclusion CCADB Process

Root inclusion public discussion & detailed Root Store Operator review 'Root Record' + 'Root Inclusion Case'

3. CCADB Groups

support@ccadb.org

- → Continue to utilize for questions/issues regarding a case in the CCADB
- → Continue to use for requesting changes to POCs
- → CCADB Root Store Operators share responsibility in responding to inquiries

public@ccadb.org

- → Valuable as a consolidated space where Root Store Operators share management responsibility
- → Code of conduct be respectful and kind
- → For CCADB Root Inclusion Public Discussion, POCs included in CCADB should respond directly to the discussion
- → May be used by CCADB SC members to communicate program changes (e.g., policies)

4. Reminders/Coming Soon!

- → CCADB Update Dashboard https://wiki.mozilla.org/CA/CCADB_Dashboard
 - ◆ Please continue to file CCADB enhancements, bugs, and API access requests
- → CCADB Audit Reminder Email (monthly)
 - ◆ CA Owner task list clean up (CA Home page in CCADB)
- → Salesforce transition to Enhanced Domains in CCADB requires URL changes
 - Communicated via <u>public@ccadb.org</u>
 - CCADB public report links such as those in www.ccadb.org/resources
 - Links to direct pages in the CCADB (e.g., from crt.sh to CCADB)
 - AddUpdateIntermediateCertAPI
 - Microsoft Office365 with Safe Links protection enabled, please have your system administrator update their whitelist within their Safe Links policy to add:
 - ccadb.my.site.com/*.
 - (and remove ccadb.force.com)
